Emerging Leaders

Catholic Education Melbourne has partnered with the National Excellence in School Leadership Institute (NESLI) to offer the Emerging Leaders' Program in 2020. This program has been designed to support and develop teachers who are at the beginning of their leadership journey. Participants for this program may or may not hold a formal position of leadership in their school.

Program Overview

By undertaking this program, participants will critically reflect on their practice and build leadership capabilities. The Emerging Leaders Program 2020 explores the challenges and complexities that are associated with leading others.

Key themes for this program will include building authentic leadership capability, principles of coaching, managing self-regulation and wellbeing, navigating conflict and fostering positive relationships. The program will also feature a strengths-based assessment, a change project, peer coaching and an interactive online community.

This powerful learning opportunity is spread across two face-to-face workshops and two live webinars. The Emerging Leaders Program 2020 targets educators who are in the early stages of their leadership journey, seeking to gain a greater understanding of the complexities of leading a group of people.
