Pathway to Principalship

Pathway to Principalship has been designed to provide teaching professionals with targeted support as they progress through their career – from the earliest stage of their leadership, through to applying for principalship in a Catholic school.

Pathway to Principalship is offered in three developmental phases:

- Phase 1 – focused on participants in middle leadership
- Phase 2 – continues to support the development of deputy principals
- Phase 3 – supports those who are actively seeking promotion to a principalship position.

Each phase focuses on the development of the participants in the areas of leadership, formation and wellbeing.

Overview

Catholic Education Melbourne has partnered with the National Excellence in School Leadership Institute (NESLI) to offer Pathway to Principalship – Phase 2 (For Aspirant Principals) in 2020. This learning opportunity focuses on the development of deputy and assistant principals intending to apply for principalship in the near future.

The key themes of Phase 2 will be leadership and authenticity, communication, team dynamics, driving performance, thinking strategically and leading innovation and change. It will also include a strengths-based survey, development for an individual action plan, peer coaching and an interactive online community. This blended leadership development offering consists of three face-to-face workshops and four live webinars.
